Matins 1938

For

The Sunrise of Life.

1. Our quiet hour - God-you-I- and the things which matter -
2. The morning - these risings of the sun in your life - ^{there are} ^{done} ~~perhaps~~ you were born - the sunrise of the grace of God - and the last sunrise when the eternal morning light breaks - we pause this morning between the first & the second - that is our day on earth -
3. Back through the years to an early morning or late night under the stars of Rome - life surrendered to the Will of the Eternal - that is the sunrise of life - Can we see that sunrise above the shadows of those who say that men must hate - can we see the white figures reaching down from a Cross - reaching from a Cross to a Throne - and always - today, tomorrow, forever - moving life a stairway to the ethers of God -
4. That is the sunrise of the life hidden in God! It all began so far back that in the years - "Adam, Adam" - walking up & down the line - I have loved that -
5. Do we not see that more clearly today - at times when also our youth shares madly - restlessly - hazardous longings - & make time a cap and hold life up to God -
